In 2009, the state of Oregon celebrated its 150th birthday. To commemorate the occasion the West Linn Parks and Recreation Advisory Board and Department organized Take Care of West Linn Day.

Take Care of West Linn day was a great day of beautifying city gateways and planters, building trails, and celebrating this exceptional community as volunteers from local organizations and businesses came out to work on more than 10 projects throughout the City.

We felt this was a great way to celebrate West Linn. Take Care of West Linn Day continues in 2010. Groups have signed on for projects throughout West Linn.

We are no registering individuals for projects in West Linn. If you are interested in volunteering sign up now!
